

The South's Gonna Rattle Again (ESP 206) Elmer Sheffield, Jr., Larry Letson

OPENER - MIDDLE BREAK - CLOSER Basic

Circle to the left

*I got my mind on Dixie, I got ramblin' in my shoes

You're gonna **walk around your corner, seesaw your own**

Left allemande then **weave around the ring**

Charlie ran the devil out of Georgia,

Swing your girl and you **promenade**

The ground's gonna shake like a big rattle snake

The south's gonna rattle again

FIGURE Basic, corner progression

The **heads square thru**, while the **sides rollaway**

Dosado and then you **make a wave**

You **swing thru** and now all the **boys run right**

You make a line and then **pass thru, wheel and deal**

Double pass thru and just the **leads partner trade**

Swing your corner and you **promenade**

The ground's gonna shake like a big rattle snake

The south's gonna rattle again

ALTERNATE LYRICS

*You can bet I'll brag on that rebel flag

You can shore 'nuff count me in
