

Before I Met You (ESP 509) Bob Newman

OPENER - MIDDLE BREAK - CLOSER Basic

4 ladies promenade, go **once around** that ring
Gonna get back home and **swing** with your man
Then **join up hands, circle**, go moving round the hall
Left allemande that corner, weave the ring
I thought I was swinging the world by the tail
Dosado and then you **promenade**
I thought I had seen pretty girls in my time
But that was before I met you

FIGURE Plus, corner progression

Heads (sides) square thru in the middle, get me 4 hands and go
And around that corner lady, **dosado**
You **swing thru** tonight, let those **boys run right**
Ferris wheel and around that ring you go
Centers pass thru, you **star thru, pass thru, chase right**
Swing the one you're chasing and **promenade**
I thought I'd been kissed and I thought I'd been hugged
But that was before I met you
